

## Continuicare

Miami, Florida

This marks Pasquale Kuritzky Architecture's third project for *Continuicare Corporation* based in Miami, Florida. The firm incorporated contemporary design features into the "face lift" of the existing one-story and the adjacent two-story medical office buildings in Miami, Florida. Construction of the West Flagler renovation was completed in 2009.

Previously, Pasquale Kuritzky Architecture successfully completed two other projects on schedule and within budget for Continuicare including renovations to accommodate a new CT scan machine within Continuicare's Kendall facility, as well as an interior expansion and renovation project for the company's Bird Road facility in Miami.
